

ABHISHEK ANAND

Undergraduate Student

Currently pursuing B.Tech in CSE from IIIT Kottayam.

abhishekanand20bcs111@iiitkottayam.ac.in

+91 7700892006

Gaya, India

EDUCATION

Bachelor of Technology

Indian Institute of Information
Technology, Kottayam

12/2020 - Present

6.7

Courses

- Computer Science and
Engineering

Intermediate

Chinmaya Vidyalaya, Bokaro Steel City

05/2017 - 05/2019

96%

Courses

- Physics, Chemistry
and Mathematics

PERSONAL PROJECTS

Movie Recommender System

- Content based Recommender System in Jupyter
- https://github.com/a-anand1703/Movie_Recommender

Restaurant Review Analysis

- Sentiment Analysis of Reviews using Natural Language Processing
- https://github.com/a-anand1703/Resturant_reviews

Sudoku Solver

- It can solve any sudoku by reading from txt file or input as matrix
- C++
- <https://github.com/a-anand1703/Sudoku-Solver>

Churn Rate Prediction

- Predict the churn rate of employees using Artificial Neural Network
- <https://github.com/a-anand1703/churn-rate-prediction>

Libray Management System

- Management System using Python and MYSQL
- <https://github.com/a-anand1703/Library-Management-System>

SKILLS

Machine Learning

Data Analytics

Data Structures

Deep Learning

Natural Language Processing

Object Oriented Programming

Algorithm

MYSQL

Computer networks

Self- confident

Hardworking

Problem Solver
