INTERNSHIP/S

Data Engineer Intern, **Teal India, Bangalore**   June 2020 – July 2020

Teal India – Teal aims to create the largest centralized repository of title and valuation-related information on real estate assets in India.

As a data engineer, I worked on building language transformers (Kannada and Gujarati), an OCR tool for extracting data from Kannada language as well as a classification algorithm for matching similar property addresses.

Professional Recognition
- All the work performed by me got deployed into production and is currently being used.

ACADEMIC PROJECTS

- **Edumize**: An application built to enhance the learning process by visualizing search algorithms, summarizing text and automatically generating MCQs from a file. My role in the project was to develop the NLP model in order to generate MCQs, True/False, and fill in the blanks questions from an input file. The end result of the application was a fully functioning streamlit application ready to be deployed.
- **Yet another map-reduce**: This project replicates the Hadoop structure from creating a master, client and worker nodes to performing tasks like mapping, shuffling and reducing via python. I developed the application on my own which involved concepts of file manipulation, networking, OS and sub-processing. The end result was an application able to perform basic map-reduce operations on large files.

ACADEMIC ACHIEVEMENTS AND AWARDS

- Awarded the MRD Scholarship award for securing top 10 percentile in college for the 5th and 6th semester.
- Awarded the Distinction Award for securing a GPA of 7.75 + for my 1st, 2nd,3rd and 4th semester.
- Ranked 1st and 3rd in Karnataka State in 2015 and 2016 for the international French Olympiad.

POSITIONS OF RESPONSIBILITY

- Part of **Sponsorship Team** (**Maaya)** for **PES Year 2022**- PES EC campus annual fest
  - I was responsible for securing and negotiating with potential restaurants and vendors to set up stalls at our event.
- **Head Health Official,** DPS from 2015 – 2018.
  - Was selected for a program in school, where I was taught how to perform basic first aid and techniques like CPR.
  - Was given the responsibility to treat any injuries or perform necessary during events and sports.
